# January 30, 2023 Meeting

Attendees:

Agenda:

1. Congrats to the new TSC chair, Jordan Vrtanoski!
2. How we want new TSC to work. There has been a high level proposal focused on Features, Security and CI/CD. Let's hear if there are other proposals and vote on this
   a. Idea: spin of working groups, lead by:

	Head / Lead / Volunteer
Security	Lucas Gonze
Features	Jordan Vrtanoski , YOGESH PANDEY
CI/CD	Shubham Tatvamasi
Outreach	Jordan Vrtanoski , Shubham Tatvamasi
Community Transition	Som Sikdar

   b. next groups:
      i. ineroperability? / integration testing?
3. How do we plan to engage the community
   a. low hanging fruit - people asking questions in slack. He proposes the TSC to help answer these questions which will help with community engagement.
   b. Github discussion panel (https://github.com/magma/magma/discussions), more than 60% are unanswered. Currently unmonitored.
4. Open issues in Security that we need to address urgently
5. Open issues in CI/CD that we need to address urgently
6. Magma Roadmap
7. Other
